

Spring hose reels – the solution for more safety and cleanliness in the workplace

Fields of Application:

- **industry**
- **trade**
- **commerce**

Disorganized cables lying on the ground, often a cause of accidents, are a thing of the past. Cables that are not needed for the time being are securely and neatly rolled up until the next project. Delivered with a locking mechanism in place. The cable can be fixated at almost any length and thus allows for a traction-free working experience. The locking mechanism can be deactivated when necessary.

Type	Voltage	Input	Output	Dimensions (W x H x D)	Order No.
SYLT 1	230 V	bend-protection grommet	12 m cable 3 G 1.5 mm ² with earthed connector	170 x 315 x 350 mm	4689001SI
SYLT 2	230 V	bend-protection grommet	17 m cable 3 G 1.5 mm ² with earthed connector	180 x 375 x 400 mm	4689050SII

SPECIAL FEATURES:

- versatile installation possibilities for wall, floor, and ceiling
- closed, corrosion-free housing made of polyoxymethylene; drum made of polypropylene
- highly insulated and splashproof
- with a wall console that can be swiveled at 160°
- spring encapsulated in a cassette
- safety locking device that can be switched on or off by hand
- 3 collector rings (L1-N-PE), max. 10 ampere
- overheating protection switch with manual reset
- adjustable cable stopper
- equipped with flexible INDUSTRIEFLEX® 07 cable
- flexible mounting of the spring cable reels according to operating site and workplace
- long service life, even under extremely rough operating conditions: **COST SAVINGS!**
- high measure of electrical **SAFETY**, even outdoors and in damp spaces
- smooth motion in all directions guarantees excellent handling while also protecting the cable
- simple and danger-free replacement without needing special tools
- if safety locking device is activated, the cable can be tightly fixated at any given unreeled length
- dual contact system for the PE conductor = double the **SAFETY**
- when line overload occurs, power is shut down **FIRE PROTECTION**
- protection against back-reeling of the entire line; individual length adjustment of sagging cable
- extended service life of the reeled up cable; for detailed features and qualities, see register group 8
